**JOSEPH IS GLAD TO BE ALIVE (INSET AND BELOW) HIS STOMACH AFTER A SUCCESSFUL OPERATION**

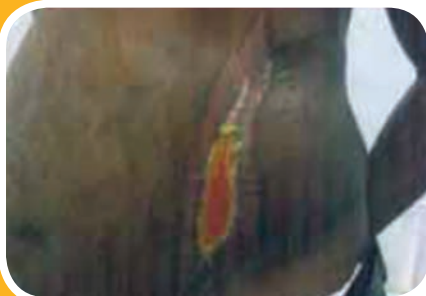

# Back from the dead!

“

Suffering from severe stomach pains, Joseph was rushed to hospital emergencies. He needed an eight-hour operation which doctors warned only gave him a 50% chance of survival. There were complications when he started bleeding heavily and a hole was found in his stomach.

Doctors told Joseph's wife that he would not survive and he was already clinically dead. He was placed on life support in intensive care and his family was advised to start making funeral arrangements.

“Only a miracle could bring me back to life. The pastor from my church came regularly to pray for me and I believe that this played a massive part in my eventual recovery ... I responded very slowly as I didn't know what was happening ... All I could remember was someone touching my heart and telling me to wake up.

“It was all too much for a miracle for everyone, including the doctors, as I had really 'died' ... “I believe that God performed this miracle through a touch of faith! I am also thankful to the pastor who came to pray for me often, It's so good to be alive!” said Joseph.

# Q&A

## Q: WHO IS IT FOR?

A: This event is for the sick, for those whose medication is not helping, those who have been told there is no cure for their condition and for those with a chronic disease.

## Q: HOW MUCH DO I NEED TO PAY?

A: You do not need to pay anything. It is a free event.

## Q: WHAT ABOUT MY CHILDREN? CAN I BRING THEM?

A: You do not need to worry. We have a special area for children where qualified caregivers watch over them while you take part in the meeting.

## You can be healed with only your faith and your hands.

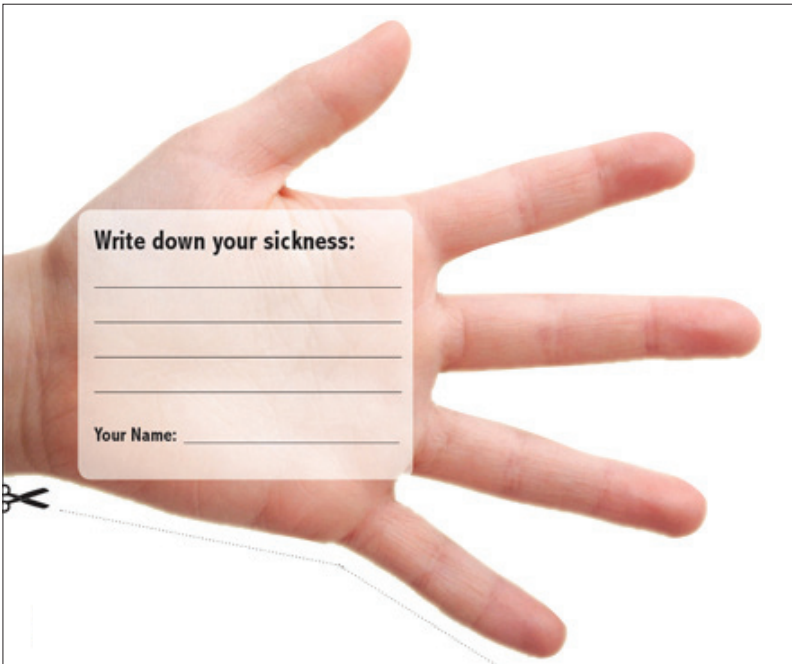

How? For that to happen, you need to believe in the promises of God. For example: “...they will lay hands on the sick, and they will recover.” Mark 16:18.

You could ask, “If that’s true, why aren’t I healed yet? I’ve already gone to many doctors, healers, priests and pastors.” The thing is, it’s not that easy.

## There is a secret to healing.

Hands on Healing needs to be done by someone with clean, blessed hands or the healing power will not be transmitted. Water has a cleansing effect... Jesus said ‘I am the Living Water’. With this in mind we are challenging people to come out on 29<sup>th</sup> January to wash their hands in blessed water, place them over their disease and be healed.

*Through faith all things are possible.*

“

If you are terminally ill or haven't found the cure for your sickness in doctors... The Hands on Healing event is for you!
